 4. General conditions of contract.
 5. Drawings.
- .02 Matters not covered by the specifications given in the contract, as a whole shall be covered by the relevant Indian Standard Codes. If such codes on a particular subject have not been framed, the decision of the Consultant /KINFRA shall be final.

.03 No alterations shall be made by the tenderer in the Notice Inviting Tender, Instructions to the Contractors, Contract Forms, Conditions of the Contract, Special Conditions, drawings and specifications and if any such alterations are made or any additional conditions attached, the tender is liable to be rejected

1.02.22 The acceptance of a tender rests with the authorised representative of the "KINFRA" who does not bind himself to accept the lowest tender and reserves to himself the authority to reject any or all the tenders received without assigning any reason whatsoever.

The authorised representative of the "KINFRA" reserves the right of accepting the whole or any of the tenders received and the tenderer shall be bound to perform the same at the rates and amount quoted.

1.02.23 The work shall be carried out under the direction and supervision of the Consultant/"KINFRA" or their representatives at site. On acceptance of the tender, the Contractor shall intimate in writing the name of his accredited representative who would be supervising the construction and would be responsible for taking instructions for carrying out the work.

1.02.24 The Consultant's/"KINFRA's" decision with regard to the quality of the material and workmanship will be final and binding. Any material rejected thus shall be immediately removed by the Contractor and replaced by materials as per specifications and standards including the standards prescribed by the BIS.

1.02.25 SUB-LETTING

No part of the contract shall be sublet without the written permission of the Consultant/"KINFRA" nor shall transfers be made by the Power of Attorney authorising others to carry out the work or receive payment on behalf of the tenderer.

1.02.26 DEFECTS LIABILITY PERIOD

Any defect developed within 'Defect Liability Period' of **twelve months** (to be reckon from the actual date of completion) will have to be rectified by the Contractor at their own cost and in case the Contractor does not rectify the defects, Architect/"KINFRA" or their representative shall get the work done at the risk and cost of the Contractor.

1.02.27 DELAYS IN COMMENCEMENT

The Contractor shall not be entitled to any compensation for any loss suffered by him on account of delays in commencing or executing the work, whatever the cause for such delays may be including delays in procuring Government controlled or other materials.

1.02.28 OCCUPATION IN PART

If the "KINFRA" wants to occupy areas in part, the Contractor shall complete the work of these areas in conjunction with the "KINFRA" and hand over the same to the "KINFRA" without affecting any of the clauses of the contract agreement.

1.02.29 QUALITY OF MATERIALS USED FOR THE WORK

The Contractor should inspect the source of materials, their quality, quantity and availability. All materials must strictly comply with the relevant B.I.S. specifications.

The Contractor must co-operate and co-ordinate with other Contractors involved in other works at the site. The Contractor should also note that they shall have to clear the site of vegetation, debris, etc. before the commencement of the work and that no extra payment is permissible on this account.

1.02.30 PERIOD OF COMPLETION

Time is of essence in this contract. The overall completion period shall be **seven months** and on the basis of Clause 1.06.28.02. Commencement of the work shall be considered from the date of starting of work. The Contractor shall draw a detailed schedule / programme in the form of a bar chart / PERT chart or in MS Project for the execution of the work with 15 days from award of work. The contractor shall also submit a programme for procurement of material, equipment and deployment of labour.

1.02.31 PENALTY FOR DELAY IN COMPLETING THE WORK

If the Contractor fails to complete the work within the specified period of completion or within any extended time allowed, as given in the relevant clause, the Contractor shall pay the owner as penalty an amount equivalent to 0.5% (point five percentage) of the value of unfinished portion of work (as per original agreement and supplementary agreements) for every week of delay subject to a maximum of 10% (ten percentage) of the contract value of the work. Such amounts may be deducted by the owner from any amount due or that may become due to the Contractor

1.02.32 CONTRACTOR'S STORE AND SITE OFFICE

Suitable area in the site of work shall be allowed to the Contractor free of cost for constructing temporary sheds for storing his tools and material. However, these structures will be provided by him at his own expense and he will be solely responsible for guarding his property with requisite insurance against theft, fire, etc. The Contractor will also have to dismantle the sheds and vacate the land of all debris, etc. at his own expense after completion of work.

1.02.33 MEASUREMENT, BILLING AND PAYMENT TERMS

Wherever mode of measurement is specified, the measurement will be taken at site as per the latest BIS code of practice for measurement. Measurement shall be jointly taken by the Engineer of Consultant, Contractor and Kinfra Engineer in charge.

Period of final measurement shall be three months from the time of commissioning of the equipments.

1.02.34 PAYMENT TERMS

On Progress of supply.

70% of contract amount less retention (if applicable) will be paid against the supply of major materials as per the accepted schedule as assessed by the Engineer in charge after survey of the materials and on strength of certificate issued by the Consultant /KINFRA.

On Progress of erection.

Upto 85% of the quoted amount less the payments already made and retention (if applicable) as per the terms of the contract, shall be paid on completion of erection on pro-rata basis on assessment and certification above.

On Taking Over

The remaining 15% of contract amount less retention (if applicable) as per the terms of contract and the payments already made, shall be paid on completion of testing trial run, satisfactory commissioning and issue of final acceptance certificate. All payments are affected on certification of both the Consultant and KINFRA.

1.02.35 EXTRA ITEMS

01. Any item of work that does not find a place in the schedule of quantities, in the original tender or in the accepted tender or contract as has been directed by the Consultants / "KINFRA" to execute is deemed as an extra item of work. All such works that are necessary to be carried out under the direction of the Consultants / KINFRA shall be carried out by the Contractor. No such variation will violate the contract. Change records shall be used to regulate extra items.
02. Extra items of work thus carried out by the Contractor will be paid at the rates worked out by the Consultants / KINFRA in the following manner.
03. In the case of all extra items whether additional, altered or substituted, if accepted rates for identical items are available in the contract, such rates shall be applicable.
04. In the case of extra items whether altered or substituted, for which **similar items exist in the contract**, the rates shall be derived from the original item by

appropriate adjustments of cost of affected components, as applicable on the basis of provision mentioned below:

- (a) Civil work - Rate analysis as followed in DSR 2013 with Cost Index of 1.35 for Kollam
- (b) Electrical work - Rate analysis as followed in DSR 2013 with Cost Index of 1.35 for Kollam
An allowance of 15% of rate worked out will be added towards contractor's profit overhead and establishment charges taken together.

05. In the case of extra items, whether additional altered or substituted, for which rate can be only partly derived from similar items in the contract, DSR 2013 data and relevant schedule of rates as mentioned in clause 1.02.35.04 as the case implies and partly from market rates, the rates will be worked out as follows:

The contractor immediately after the execution of work shall communicate to the Engineer of KINFRA and Consultant, the rate claimed for the item with supporting documents as regards the prevailing market rates. The consultant shall examine these records and work out the rate in the following manner:

As regards the first part involving items in the DSR 2013 data and relevant schedule of rates as mentioned in 1.02.35.04, the rate will be worked out as given in 1.02.35.04 above. As regards the second part involving market rates, the rate will be worked out as given in 1.02.35.06 below.

06. In the case of extra items, whether additional, altered or substituted, for which rates cannot be derived from similar items in the contract or from the DSR 2013 data and relevant schedule of rates as mentioned in clause 1.02.35.04, the rate shall be worked out fully on the basis of prevailing market rates (giving due consideration to the analysis of the rate furnished by Contractor with supporting documents). The Contractor immediately after execution of work as mentioned in 1.02.35.01 above shall communicate to the Engineer of KINFRA/ Consultant, the rate which he proposes to claim for the item, supported by analysis of the rate claimed and the consultants shall determine the rate on the basis of the market rate giving due consideration to the rate claimed by the contractor and forward the same to KINFRA. In case the requirement of labour for such item is available in the relevant DSR 2013 Data book, as the case implies this shall be taken as the basis for working out rate. If this is not available, observed data during actual execution of work will be taken as the basis. An allowance of 15% will be added towards contractor's overhead profit and establishment charges taken together. The percentage excess or reduction of the contract rate over the estimate rate shall not be applied in this case.
07. While working out the rate analysis for extra item whether derived, substituted, additional, etc. the cost for transportation, transit insurance, all types of taxes and duties, octroi etc. at actual shall be included.

The Contractor shall make his own arrangement for water and electricity required for the work. The 'Owner' (KINFRA) takes no responsibility for the supply of either electricity or water.

1.02.37 MOBILISATION ADVANCE

The successful tenderer after having been offered the contract and having executed the agreement with the owners can avail a mobilization advance not exceeding 10% (Ten percentage) of the contract value against a duly executed Bank Guarantee for a sum equal to 120% (one hundred and twenty percentage) of the advance sought. If so desired, the contractor can take up to six different Bank Guarantee of equal amount, so that the same can be released on pro-rata basis. The validity of the Bank Guarantees should be for period of contract plus 3 months from the date on which the mobilization advance is made and shall be kept valid for the whole of the contact period and extended contract periods till the whole amounts of advance together with interest is recovered.

The advance will carry a simple interest of 1% (one percentage) above the lending rate of SBI and will be recovered together with interest from the progressive part bills of the Contractor on a pro-rata basis. However, the whole of the balance amount together with the balance interest amount will be recovered from the pre-final bill.
